

Brownies make and create

EQUIPMENT: One set of clues, four large sheets of paper, textas or pencils.

Clues will lead each six to create a picture. For a monster the clues might be: The monster has red curly hair. The monster has one pointed ear. The monster has four short legs with large feet. The monster has a long curly tail. The monster has a round body. The monster has a crinkly face.

Put the clues in the centre of the room face down. Each six has a sheet of paper and pencils. The game is played as a relay with girls taking turns to go and get a clue then draw it on the paper. One clue must be drawn before the next one is picked up.

Share drawings when completed.
